

POLLUTION-FREE & ANTI-SKID EJECTION SPONGE

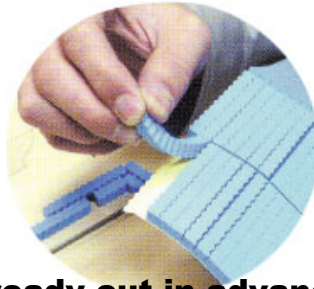

e-SPONGE

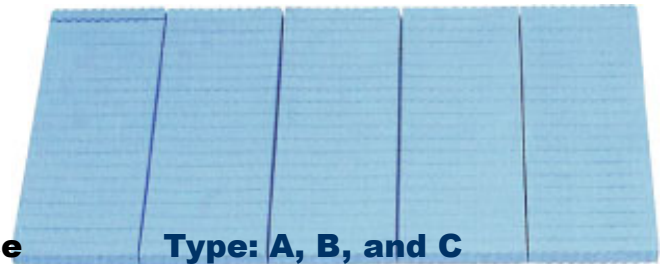

- **Pollution-free** materials
- **Easy to use:** self-adhesive & cut in advance
- **Wear resistant** and very strong & economical
- **Stronger adhesiveness** and stick firmly
- Applying patent for double-sided **WAVE-FORM** of sponge
(disperse pressure)

Born from the workers' voice!

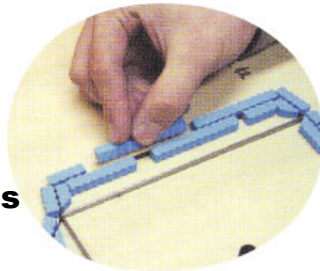

1. Peel it off

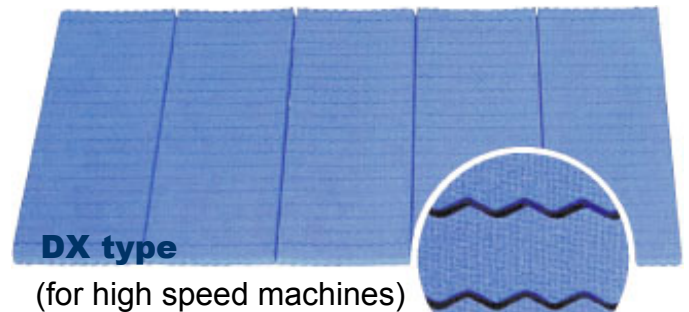

- Self-adhesive
- Each piece is already cut in advance

2. Press it on

- Speedy setting
- Reducing losses

DX type has mesh surface.

[Specifications]

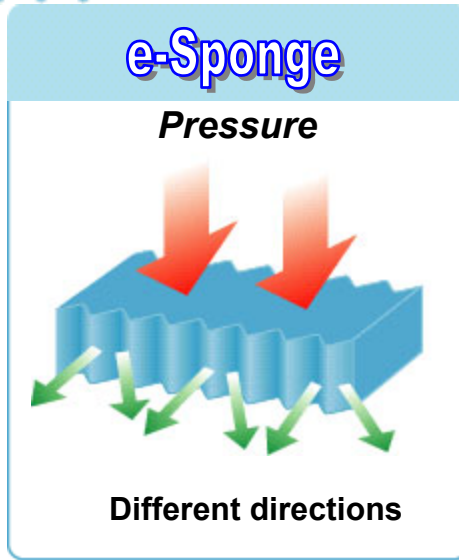

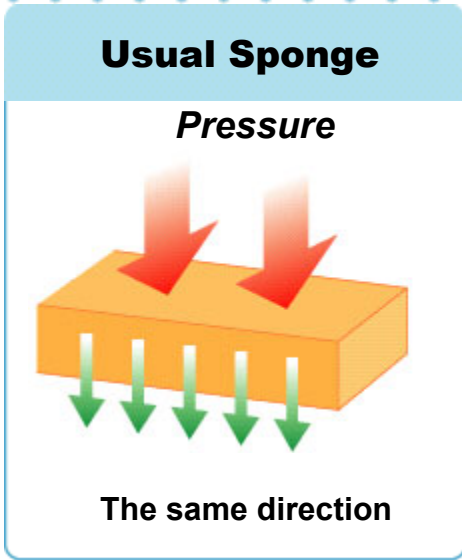

Type	Dimensions (piece)	Pcs	Remarks	Price
e-Sponge A	10 T x 10 W x 60 L mm	70	Regular type Hardness 43	Ask us!
e-Sponge B	8 T x 10 W x 60 L mm			
e-Sponge C	8 T x 7 W x 60 L mm	100	Hardness 58	Ask us!
e-Sponge DX	7 T x 7 W x 60 L mm			

e-Sponge DX has better rejecting power than other models because of harder materials. Also the mesh surface of DX model can smoothly release paperboard from cutting knives, which works best for high-speed operations.

Acquired Industrial New Design

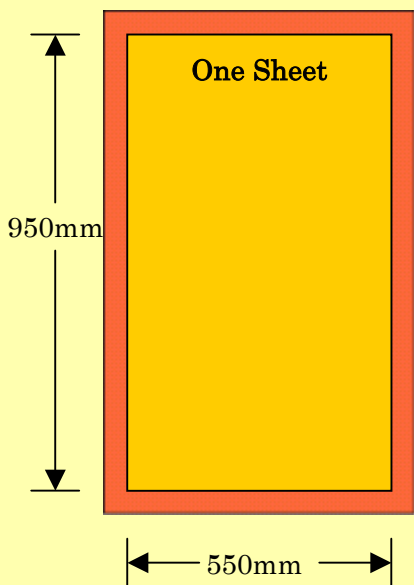

DAISO Technology

Wave-form on the both sides of e-sponge disperses die-cutting pressure.

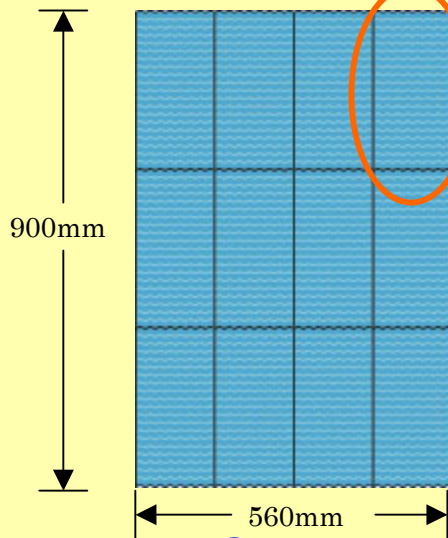

By dispersing pressures, e-Sponge can reduce damages to the cutting knives and dies.

<Comparison>

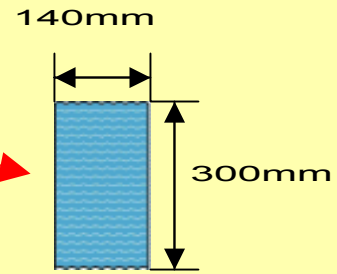

Ordinary Sponge

e-Sponge

equivalent to 9 to 12 sheets of e-Sponge

e-Sponge (1 sheet)

JPY 350.- per sheet
(140 x 300mm)

contains 70 to 100 pieces

- You have to cut each piece and glue it to the plate.
- Many losses of sponge

- Self-Adhesive with Pre-cut size: Easy to use.
- Few losses

Reducing losses & increasing efficiencies, e-Sponge will save your total cost !!
